Mini Project : GitHub and Jenkins integration

```
Complete!
[root@ip-172-31-2-73 dev]# git --version
git version 2.50.1
[root@ip-172-31-2-73 dev]# git init
hint: Using 'master' as the name for the initial branch. This default branch name
hint: is subject to change. To configure the initial branch name to use in all
hint: of your new repositories, which will suppress this warning, call:
hint:
hint:   git config --global init.defaultBranch <name>
hint:
hint: Names commonly chosen instead of 'master' are 'main', 'trunk' and
hint: 'development'. The just-created branch can be renamed via this command:
hint:
hint:   git branch -m <name>
hint:
hint: Disable this message with "git config set advice.defaultBranchName false"
Initialized empty Git repository in /root/dev/.git/
[root@ip-172-31-2-73 dev]# vi sample.html
[root@ip-172-31-2-73 dev]# git status
On branch master

No commits yet

Untracked files:
  (use "git add <file>..." to include in what will be committed)
        sample.html

nothing added to commit but untracked files present (use "git add" to track)
[root@ip-172-31-2-73 dev]# git add .
[root@ip-172-31-2-73 dev]# git commit -m "First commit"
[master (root-commit) 371708d] First commit
 Committer: root <root@ip-172-31-2-73.eu-north-1.compute.internal>
Your name and email address were configured automatically based
on your username and hostname. Please check that they are accurate.
You can suppress this message by setting them explicitly. Run the
following command and follow the instructions in your editor to edit
your configuration file:

    git config --global --edit

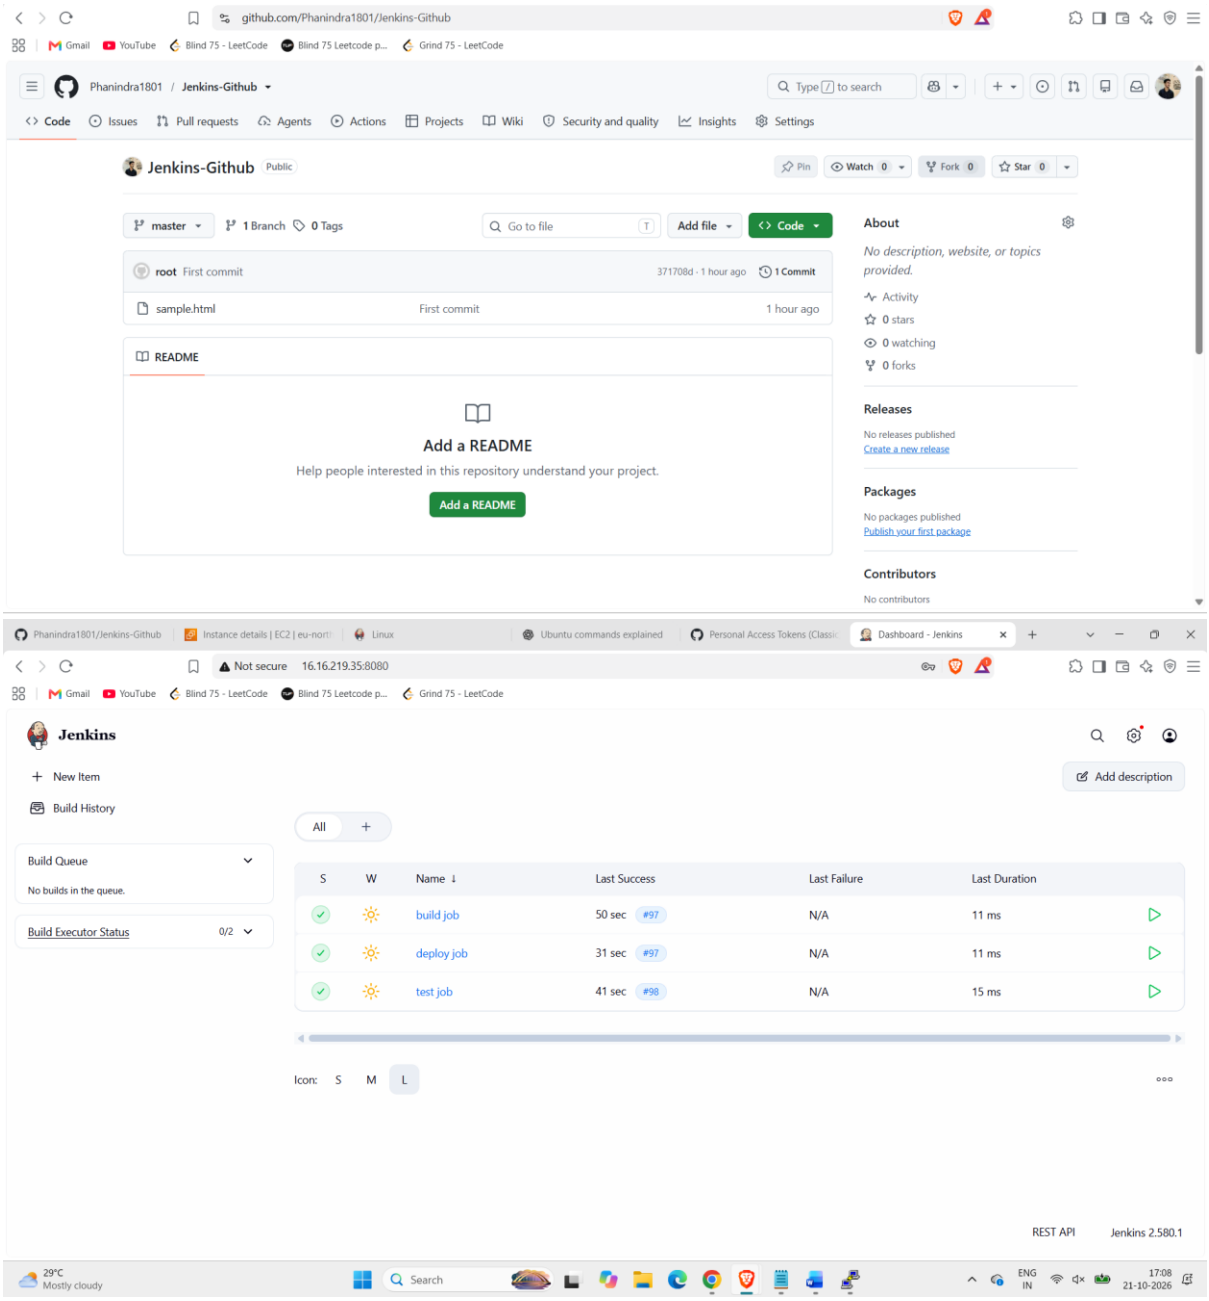

After doing this, you may fix the identity used for this commit with:

    git commit --amend --reset-author
